Boyes Springs New Plunge And Theatre Nearing Completion

Historic Sonoma Valley Places To Be Marked By Native Sons

FAMOUS RESORT IS SEEING BIG IMPROVEMENTS

**Springs Section Takes On Boom As
New Baths Rise and Concessions
Are Signed Up.**

A fever of excitement attendant upon the restoration of the Boyes Hot Springs has taken hold of the hundred artisans working day and night to complete their labor for the opening day, Saturday, May 30th, Decoration Day. This spirit has extended to the entire community of Boyes Springs and vicinity. With the vast improvements now nearing completion, both as to the buildings and the landscaping, it is known that plans are now already being perfected for the expenditure of much more capital to make Boyes Hot Springs the objective of all vacationists and seekers of health. The whole town has taken on the spirit of enthusiasm. Everywhere one sees a bustle that might be likened to a boom.

Fred F. Partridge and R. G. Lichtenberg, since taking over the Boyes Springs property, have poured over \$50,000 into the work of reconstruction and improvement. According to authority, this is only a small part of the contemplated expenditure for improvement. It is said that some real and bigger surprises are to come.

Already announcement is made that several big concessions have been signed up by the resort people and a lot of money is to be put into fixtures by the prominent and representative men and women who will identify themselves with the new Boyes Springs. Among those to operate concessions at the famed resort are J. M. Dickerson of San Francisco, who is to expend \$5000 on the fixtures for the ice cream parlors which will be beautifully decorated in French grey and have all the latest appliances of a high class place.

T. J. Findley, coffee shop, electric in appointments and up to the minute in service.

Richard Hunter, manager of the Housie-Housie Grocery Store and Jewelry.

SONOMA BANKS GIVE SILVER CONTEST CUPS

The students of the Sonoma Valley High School will compete this month for two beautiful silver trophies offered by Sonoma banking institutions for the best exposition of dramatic reading and the best in oratory. The Mercantile Trust Company of California gives a \$20 perpetual cup for dramatic reading and the Central Commercial and Savings Bank contributes a perpetual cup for public speaking.

The students will compete for these handsome trophies at the regular May exhibition May 29th.

In addition to the cups for dramatics and oratory the Sonoma Index-Tribune will give a prize for news writing. Next year a silver cup for upper classmen competing for journalistic honors will be contributed by this newspaper.

Chance For Sonoma To Get Cannon

Monday, June 1st is set as the final date for the allocation to California cities and towns of captured war devices and trophies taken during the World War, Nathan P. Coombs, State Commander of the American Legion, has been notified by R. E. Mittlestaedt, Adjutant-General of California. Captured cannon and other trophies of the war may be secured by the various cities by communicating with General Mittlestaedt, at Sacramento.

RAIN DAMAGES HAY AND EARLY CHERRIES

The rainfall of Monday and Tuesday, the heaviest rain in May for 10 years, did much damage to the early cherries and hay of Sonoma Valley. The cherry crop, just about to be harvested, was badly hit, the fruit dropping and splitting as a result of the unusual weather. Growers must now look to the later varieties to compensate them for loss. About 20 tons of the early fruit was the estimate of the loss at the Lowell ranch, and other growers suffered similarly.

According to Joe Keechler, superintendent of the Jones ranch, the immense hay crop at McGills has been very severely damaged. Most of the hay was already cut and what was not was beaten down by the heavy downpour.

Sonoma Valley orchardists with a preponderance of prunes, pears, etc., declare that the rain was beneficial and will save them from irrigation. On the Z. Lane ranch, a fine crop of prunes is reported, almost a 90 per cent yield being the estimate.

PHYSICAL EXAMINATION FOR SCHOOL CHILDREN

On May 26th, from 10 to 4 o'clock at the Sonoma Grammar School, there will be an examination of children of school entrance age, the examination to be held under the direction and at the behest of the State Board of Hygiene. The school nurse, Miss Sacry, Mrs. L. H. Green, local nurses and doctors will conduct the tests.

The idea is to determine whether your child is in good physical condition to enter school, as it has been established that healthy vigorous children have a better chance to do well in school. A record will be kept of each child examined and recommendations made to the parents as to the true state of health and what can be done to better any defects if any are of record.

All school patrons of the valley, including the smaller districts, will be invited to participate in the health center meeting in Sonoma on Tuesday, May 26th.

SURPRISE PARTY FOR MRS. E. T. LINDLEY

Mrs. E. T. Lindley, wife of City Trustee Lindley, was given a surprise party on Monday evening in honor of her birthday.

Sonoma Valley Woman's Club to Be Hostess For Delegates of County Federation

The Federation of Club Women of Sonoma County will meet in Sonoma all day Wednesday, May 27th. The Sonoma Valley Woman's Club will place its attractive club house at the disposal of the club women and act as hostess to the hundred or more visitors representing the 22 clubs of the county.

The meeting will open at 10 o'clock Wednesday morning and an interesting program will be put on throughout the day in connection with routine business matters, in which the clubs are mutually interested. Mrs. L. S. Campbell of Healdsburg, president of the federation, will preside.

The program as announced by Mrs. John Plover, chairman of the Program Committee, is as follows:

Mrs. Harriett Eddy, State Home demonstrator, leader.

Mrs. Duncan S. Robinson, Solano county president and second vice president of the District, a talk on Sonoma County will meet in Sonoma all day Wednesday, May 27th.

Mrs. S. Ripley, Contra Costa county president, subject "American Samoa and Its Governmental Conditions," from first hand information gathered from travel in that country.

Mrs. E. G. Smith, San Leandro, native Samoan songs. Mrs. Philip Landon, accompanist.

Musical numbers will also be offered by Mrs. L. V. Emparan at the morning session, and Mrs. A. R. Grinstead, at the afternoon session.

The morning session will adjourn for the basket luncheon to be spread at the club house, with coffee to be dispensed by Mrs. Ralph Hotz and her committee.

Mrs. George Leiser, president of the Sonoma Valley Woman's Club, will extend official welcome to the visitors.

Dare, Famous Fashion Advisor Is Here Today

Dare, famous adviser of fashion and writer for the Examiner, will give a talk at the Jack London Memorial Library today at 2 o'clock under the auspices of the Glen Ellen Women's Improvement Club. Admission will be free and all ladies are invited to hear this authority on the late modes and benefit from her experience in the fashion world. The Glen Ellen club is to be commended on getting this talented woman on its program.

CAPITALISTS LOOKING OVER PROPERTY HERE

A party of Petaluma capitalists interested in the Petaluma Development Company's building tract and pretty bungalows in Sonoma were in town Wednesday. They conferred with F. M. Burris of the Mercantile Trust Company relative to the plan of selling these attractive bungalows on easy terms, and it will now be easy for anyone to acquire a pretty home in Monte Vista Park on the installment plan, the same as rent.

The gentlemen have decided to install water main extensions to the property at their own expense in order to assure plenty of city water for domestic and garden use.

M. C. R. Nelson declares that more homes will be built as soon as the present ones have been disposed of. Gentlemen here conferring with him Wednesday were D. W. Ravenscroft, Arthur Owens and Attorney Dole.

Mr. Ravenscroft is an old newspaper man, former owner of the Petaluma Courier and a contemporary of the late H. H. Granice on the pioneer San Francisco Bulletin.

EASTERN WOMAN PRAISES CALIFORNIA

Mrs. Edward Timerhoff of the Circulation Department of the California Federation of Women's Clubs official paper was in Sonoma Saturday after attending the convention of clubs at Santa Rosa. While here the energetic and talented woman visited the old Vallejo home and other landmarks of Sonoma.

Mrs. Timerhoff is a resident of Los Angeles and the author of the federation poem "Tree and Woman, Sisters," which she sells for the benefit of the Save the Redwoods fund.

Nineteen years ago this club woman came to California from Illinois and declares that she begrudges every year she spent in the East before her discovery that life in California was better.

UNSEWEE CLUB AT CALIENTE

The Unsewee Club of Oakland, a social club of professional men, were guests of Tom Corcoran Saturday evening and about 60 people enjoyed the Poppy Bowl, the swimming, baths and midnight supper in the big hotel. Perkins' music made a hit with the dancers, featuring Dave Cohen, saxophonist.

J. Lawrence is president of the society.

PROCESSIONAL FROM SANTA ROSA PLANNED

Lovers of History to Join In Processional to Place Markers On Many Famous Landmarks.

Sonoma is keenly interested in the plan of the Native Sons and grand officers of that organization to place markers on many of our historic monuments, with the ceremonial of a pilgrimage on June 14th, the anniversary of the Bear Flag raising in Sonoma 79 years ago. The pilgrimage would start at Santa Rosa, for there through the enthusiastic efforts of Senator Herbert Slater, great interest has been awakened in the idea of officially designating and commemorating the historic spots of Sonoma county.

The Native Sons of the Golden West have made the marking of California landmarks a portion of their work and have already placed markers in the Mother Lode country and other parts of California.

The grand officers are now considering the official marking of Sonoma's famous places, with June 14th of this year as the tentative date.

The processional would start at Santa Rosa and then wend its way to Mark West and Rincon Valley, designating pioneer and historic spots such as Fremont's cabin, and thence coming down the valley to "Fighting Joe" Hooker's stamping grounds near Agua Caliente (the present Serres ranch), to Sonoma's old Mission, Vallejo's home, the famous town adobes, barracks, and lastly to the Bear Flag site where exercises would be held. It is planned to have Hon. Joseph Knowland or Lewis H. Byington speak. Local Native Sons and Daughters would unite in entertaining the grand officers and distinguished guests that day.

The plan is still in the making and Sonoma Valley is waiting to co-operate, for it is fitting that every landmark should be recognized and preserved, that the cherished traditions of this historic valley may continue to stir the sentiment of succeeding generations and the interest of all who love California.

\$62,000 JACK LONDON RANCH DEAL BARED

Establishment of an exclusive artists' colony in Sonoma Valley, rumored for several months, was virtually assured this week with the filing in the county recorder's office at Santa Rosa of an agreement whereby Harry Gottsfeld is to purchase for \$65,000 from Mrs. Charmian London 126 acres of the London hill ranch.

Gottsfeld has taken an option on the property as the first step in the transaction, the agreement showed.—Santa Rosa Press Democrat.

T. McNamara of Penngrove was host to a party of friends at a chicken dinner at Agua Caliente Springs Hotel Wednesday. Among the guests were Senator Slater, Mayor Dunbar, Mrs. L. V. Emparan, Assessor Smith, R. R. Emparan and others.

EL VERANO NEWS

By ARCHIBALD McKIVER

The summer schedule of the San Rafael and Sonoma Valley auto stage line goes into effect Sunday, May 17.

Two extra busses will be put on for the heavy summer traffic and six round trips each way daily will be made between Agua Caliente and San Rafael. Valente & Stuermer, owners of the auto stage line, expect an increase of tourists to Sonoma Valley this season, and as business is already increasing they have concluded to add the extra service for the accommodation of the traveling public. The bus line is popular and the new schedule will be good news to patrons of the auto stage line.

Bill Flieger has accepted the position of clerk at the El Verano Villa during the vacation season.

Arthur McGill of Petaluma was visiting home folks last week.

Frank McGill, mayor of Schellville and oil station operator, was a visitor in Santa Rosa last week. The mayor is looking good and his many friends along the line were greeting the official.

Fred Remezzano, while chasing a chicken last Friday accidentally fell and broke his arm. This was not a summer flapper, but an honest-to-goodness old cackling hen that caused the trouble and will lay Fred up for some time. The injured arm is doing nicely at this writing.

Joe McVey of the San Francisco Fire Department is spending his annual vacation at Our Resort.

The Boissonneau-Lavoie case which was to be called at Santa Rosa on Friday of last week, was postponed to Friday of this week. Attorney A. R. Grinstead of Sonoma represents Lavoie while Attorney Cowan of Santa Rosa is the barrister for Boissonneau. The case is being watched closely by the natives of El Verano.

County Superintendent of Schools Louise Clark has appointed Mrs. W. W. Hall a trustee of the local grammar school, to fill the place of her late husband, W. W. Hall.

G. Miller, San Francisco restaurant proprietor, has opened up the Granada Hotel at El Verano, and has been busy furnishing it to accommodate visitors during the summer months.

A. Perrett of Oakland was spending the week end with his family.

J. Love of Antioch was spending several days at the McGill home.

The El Verano Grammar School base ball team trimmed the Kenwood School nine on Friday of last week.

The game was hotly contested but the El Verano battery, Trainor and Bottini, were too much for the up-country team.

Gus Merz, stockman, motored to Lemoore last week on a business trip. A move is under way to put a candidate in the field against Congressman Lea of the First District, at the 1926 election. Dr. Jackson of Petaluma, secretary of the State Dental Commission, is the man talked of to make the run. He has already given his consent and as he is popular and a good campaigner, the group of Republicans backing him look for a hot campaign.

Miss A. Rovai was spending the week end with relatives in Napa.

Roy Chance, of the Highway Service Station, is enjoying a motor trip to his home state, Nevada.

Frank Matsen, western addition poultry raiser, narrowly escaped being hit by the northbound S. P. freight train below the El Verano depot Sunday morning. Mr. Matsen, who is hard of hearing, did not see or hear the fast through freight train coming and witnesses thought another fatal accident could not be averted.

Miss E. Steckmeyer, a stenographer at the City of Paris, San Francisco, was visiting her parents at El Verano Sunday.

The El Verano base ball team will cross bats with Easy Jim's Vineburg All Stars at the high school diamond Sunday. The boys are all in great trim, having been practicing in anticipation of playing the best teams in the county. Manager Charles Danielli looks for big things from his

players and a stubborn game is looked for Sunday.

Miss Annie Terry and Mrs. Brady of San Francisco are spending several weeks at the Fish's summer cottage, Tumble Inn, at Sonoma Vista.

Grant Kelly and family of San Francisco were visitors at the McCrae home last week.

Pete Finnegan, New Jersey middleweight who is under the management of Louis Parente, defeated Jack Schlocker, San Francisco's hard hitting heavyweight. Finnegan had Jack on the floor twice for short counts and the bell saved him in the fourth round from a knockout. Finnegan has won eight fights since arriving on the Pacific Coast.

Garry Wright, train master for the S. P. Company, passed through El Verano Sunday enroute to Santa Rosa. His headquarters are at Suisun.

S. Bienhacker, well known poultry man, and George Martin had a head on collision last Saturday evening near El Verano Villa. The two motorists were coming in opposite directions, and Bienhacker's car was badly damaged, while Martin's car came through with only minor damages. Mrs. Bienhacker received slight injuries, but Mr. Martin and his companion escaped without a scratch. Responsible. (Continued on Page Four)

TRANSPORTATION ON THE REDWOOD HIGHWAY

As a lure to the vacationist and the tourist, the Mercantile Trust Company of California has placed an attractive and colorful series of window displays featuring the giant redwoods of California Northwest in their 45 offices, in collaboration with the general passenger agent of the West Coast Transit Company.

The display portrays a fleet of miniature Redwood Highway stages wending their way through a model grove of redwoods.

Officials of the stage company feel that this should prove of real value in inducing San Franciscans and others to spend their vacations in the "outdoor wonderland" of the north—especially since the bank's travel bureaus handle actual bookings of Redwood stages and make hotel and resort reservations for interested parties.

Another feature which will serve to stimulate additional travel along the Redwood Highway is the article appearing in the latest issue of the Western Hotel Reporter, "Romance of the Redwood Highway Transport Facilities," by Clyde Edmondson, general passenger agent for the West Coast Transit Company.

This article tells of the early days in the redwoods and of the evolution of transportation there. Profusely illustrated with views and maps, this type of publicity, it is said, will exert a powerful influence in luring the vacationist, tourist and traveler.

Resolutions of sympathy have been adopted by the Glen Ellen Women's Improvement Club as a token to the late Mrs. Harry Weise, for many years a member and president of the organization. Mrs. Weise died recently and her passing saddened hundreds of hearts in the Valley of the Moon in which locality she was born and spent the most of her long and useful life.

BATTLING RUM FLEET IS FUTILE

Have you stopped to think what a big clientele of the rum smugglers must be entrenched in our dry United States when it takes so powerful a show of arms and Navy attack to fight the booze carriers away? The Atlantic Coast has never seen a war like it—the Navy battling rum laden ships away from American shores because this country is dry and wants none of it. Sounds well, extremely well, but the inexorable law of supply and demand indicates that we do want a lot of it. In fact, the estimated figures on United States importation of contraband liquors is staggering, as given out officially by the Secretary of Commerce.

There would be no \$200,000 booze vessels from foreign lands anxious to land liquor in this country if the people here did not demand it, pay exorbitant prices for it, drink it and send out an S. O. S. for more.

What is to be the result if their Navy cuts off the consumers' supply of the imported stuff? The one answer is bad stuff, that poisonous, blind producing moonshine which can be made overnight in a coffee pot, wash boiler or coal oil can, consumed and transported ad lib. Perhaps when we train the guns of the country on our own citizens and go the limit wherever booze, good or bad, is made or drunk, which means in many homes, prohibition may succeed. Chasing rum runners away from our shores will not stop drinking nor in any way solve the alcoholic problem. Moderation and the liberalization of the present prohibition act is the solution, not gun-play or guerilla warfare. Why quarrel with and give battle to smugglers, why spend big sums for guns and prohibition agents? The cure is not in cutting off foreign supplied liquors.

The Attorney General is evidently cognizant of the futility of such warfare, for he recently said: "The country is safe, society is safe when the law is obeyed, not because it is enforced." He further said: "The thoughtless of the country must see the danger to the country of wilful disregard of law."

Most people fully understand that it is wrong to disregard the laws of this country, but there are many who do not understand why the police power and wealth of the nation are put at the disposal of those intent on punishing prohibition law violators, while forgers, bank robbers, murderers and perverts are swelling the ranks of criminals at large and propagating more of their kind to terrorize the country.

All the world recognizes and deals with crime, some nations very drastically and intelligently. In the crime category of the world the use of liquor is not a crime. In this country the liquor crime is the one crime which the nation is trying most to eradicate. Is it any wonder, then, that we are witnessing such swatting and defiance as is now evident? Present dry enforcement may be characterized as a process of both education and elimination, but education is not superinduced by strong arm tactics. It is an orderly process which makes nations powerful, harmonious and respected, both at home and abroad.

Elimination is not accomplished by cutting off foreign supply. Public taste must change and demand cease, then we will have a dry nation. Let all the good influences of the country combine through sane measures and steps to educate Americans as to the folly and harm of drinking, and having accomplished that, elimination naturally would follow.

The billboard has been suggested as a means to wean Americans from their drink. Who knows, psychology might accomplish more than police or preachers. It is worth trying, for if we can wean this wet country of ours, bottles will not be bobbing up everywhere and the rum fleets' powerful armada will become a phantom.

THE TRUTH ABOUT SAN QUENTIN

San Quentin riots have given the critics of Governor Richardson a good opportunity to knock the administration. The common and yellow criticism is that trusted, trained prison employees have been ousted to make way for henchmen of Richardson and the new prison Warden, hence the lack of proper authority and control over convicts.

As a matter of fact, conditions in San Quentin during the old regime were flagrantly bad under a system whereby convicts were pampered and bribed into docility by guards who permitted privileges which undermined the whole morale of the penitentiary. The new Warden could not clean up conditions such as the smug-

gling narcotics which honeycombed the prison until he had a thorough house cleaning of employees. The process was a hard one, but one to which Warden Smith has been equal. The snarling critics and incorrigible convicts have both felt the power of the new strong arm regime and California's prison will be the better for an administration which is making a thorough job of its betterment, not camouflaging the State's criminal problem, or sugar-coating it to the delight of theorists and sob sisters.

The music memory contests which have become so vital a part of our education are splendid. The concentration of mind on good music, acquaintance with it and recognition of good composers has a wonderful cultural effect, appreciated by all art loving people, regardless of creed or clime.

The regular weekly assembly was held on Thursday during the ninth period, with Irma Cliff of the music theory class giving a review of the opera, "The Flying Dutchman"; Irene White, a freehand drawing student, a talk on the French artist, Jean Francois Millet, and the orchestra playing three selections.

The Senior commencement cards have arrived, announcing the date of the graduation, which is to be held June 19th. The following evening the Senior ball will be held by the Juniors in honor of the outgoing class.

The third issue of the Bi-Weekly Progress came out last week and was a very creditable number.

The horoscope of the Senior class has been posted on the bulletin board by Herbert Tracy and certainly reveals a few things about the Seniors.

On Saturday (today) at 2:30 o'clock radio fans should tune in on K P O to hear our famous saxophone player, Cecil Hunter, playing with Huett's orchestra. Listen in, everybody!

The championship of the interclass baseball games was won by the Senior boys.

A special meeting called Tuesday morning by Mr. Golton, Edward Berwick, noted writer and publicist, gave an interesting talk on "World Peace."

Miss Dorothy Green of Mission High School, San Francisco, visited our school on Friday, May 1st.

Wilfred Cohen, a graduate of '23, graduated from the U. C. College of Pharmacy, in San Francisco, Wednesday evening.

The May Exhibit

On May 28th and 29th, the second annual May exhibit will be held, so as to allow the public an opportunity to see the progress our school has made in the past year.

On the evenings of both days there will be programs composed of interpretative readings, orchestra and chorus selections and instrumental and vocal solos. On Friday evening there will also be the awarding of prizes and a pageant by several students of English, under the direction of Miss Coggin. It is entitled "The Critical Hour," and was written by two Oakland teachers. It deals with the problems of present day school life.

In all typing classes contests will be held for speed and accuracy. Miss Lighter is the typing teacher.

A music memory contest is scheduled for the music theory class, the winner to receive a Victor Opera Book.

The civics class will hold a debate on Friday, at 1 o'clock, in Room No. 1, which will greatly interest visitors.

An interclass track meet will be held Friday afternoon. here are 60 contests with ribbons for first, second and third places and three perpetual cups for the best in oratory, dramatic reading and athletics.

The exhibits will be held as follows: Biology, Room 23; Stenography and Bookkeeping, Room 21; Agriculture, Room 26; Mechanics and Freehand Drawing, Rooms 27; Auto Mechanics, Auto Mechanics Building.

These exhibits are open to the public on these days from 8:30 a. m. to 12 midnight.

TOURIST PRAISES FETTERS SPRINGS

Mrs. Almira L. Austin, a wealthy property owner of San Francisco who has traveled extensively, has been in Sonoma Valley as a guest of Mrs. A. Gold, at Gold's Gardens, Feters Springs. The lady finds Sonoma's climatic conditions very pleasing to her and will spend much of the summer here.

Constructor C. C. Bean is building the new service station on the Thomson & Baines property at Boyes Springs. It will be a neat addition to the business district at Boyes, and is on the site of the stores which the owners lost in the fire of 1923.

No Increase in the Price of Firestone FULL-SIZE GUM-DIPPED BALLOONS

The extra quality built in by the extra process of Gum-Dipping, the economy of these wonderful tires and the added mileage obtained from them during the past two years, has created such a large demand that over 75% of Firestone's mammoth production is now Balloon Gum-Dipped Cords.

This has greatly increased the total sales volume and the huge Firestone factories are now working on a 24-hour schedule to supply the demand.

This large volume, produced under the most economical tire manufacturing methods, permits Firestone to sell these extra-process Full-Size Balloons at no extra cost to car owners. And this in the face of greatly advanced cost for crude rubber brought about by the operation of the British Rubber Restriction Act.

Gum-Dipping means longer mileage—greater economy—at no extra cost to you!

Enjoy the safety, economy and comfort of Balloon Gum-Dipped Cords this summer. Let us equip your car now at low cost—with liberal allowance for your old tires.

"COPCO" PACK

Controls Distribution . Controls Sales

ABSOLUTELY MINIMIZES LOSSES AND INSURES FOREIGN SHIPMENTS. OFFERS A SAFE, SOUND INVESTMENT WITH UNLIMITED POSSIBILITIES FOR THE FUTURE.

CONTROLLED BY

California Orchard Products Co.

The California Orchard Products Co., a California Corporation, organized to pack and ship deciduous fruits by a new patented method, owned and controlled by them; at last giving to the grower and shipper the results for which there has been a long felt want.

The experimental stage has been gone thru and the Company entered into commercial shipments during 1924.

Different varieties of fruits have been packed by this method with marked success, while Bartlett pears have been packed, placed in storage for six months and when removed were in perfect condition—free from mold, scald and decay. The method has been demonstrated to leading growers and shippers throughout California and has received their endorsement.

The men at the head of the California Orchard Products Co. have been connected with the fruit industry for years and enjoy the best of financial and business reputations.

In forming the new Company there is being offered a limited amount of stock at \$10.00 per share. This offers to the conservative investor a splendid opportunity to get in on the ground floor of a California corporation that has unlimited possibilities.

Further information as to the organization of the California Orchard Products Co., and the possibility of profits will be sent to reliable parties.

An Open Letter To The Public

The Railroad Commission of the State of California has ordered Golden Gate Ferry Company to cut its automobile tariff from \$1.00 to 65 cents, and certain other reductions herein below enumerated.

While the management of Golden Gate Ferry Company believes this reduction to be drastic, in view of the fact that public service has made necessary a new ferry boat, which has just been added to the fleet at considerable expense, every effort will be made to carry out the order of the Commission.

With the new tariff schedule going into effect the Golden Gate Ferry Company asks for a continuance of the good will and patronage of the motoring public, factors, indeed, in our past success.

This is your Ferry. It was organized for the motorists and you can help by patronizing us. We will continue our policy of courteous, sincere, helpful service to our patrons.

We appreciate your help in the past and expect you to be with us this year as strong as you were in 1924.

We are now operating four boats and the following are the changes in rates:

ASKS BACK ALIMONY

Whether a "quick and easy" Yucatan divorce decree can take precedence over the orders of a California court will be determined for the first time in the state this week.

Hugh K. McKevitt, counsel for Mrs. Natalie Wheeland (Natalie Haraszthy) of Los Angeles, will seek to convince Judge E. P. Morgan, that a decree Charles G. Wheeland, San Francisco insurance broker, obtained a year ago is not worth the paper it is written on, at least in California.

Mrs. Wheeland arrived in San Francisco Monday with her daughter, Natalie Kingston, screen actress, to fight for \$1875 maintenance which she claims is due her. Natalie will be her mother's chief witness.

Wheeland sued her for divorce in 1921. In November of that year, Judge Mogan ordered Wheeland to pay her \$75 monthly pending trial of the case. Later Wheeland was denied a divorce. His wife was asking for none, and he was directed to continue paying for her support.

In an affidavit Mrs. Wheeland states that her husband has paid her nothing, and owes \$1875.

Philip Zwerin, attorney for Wheeland, contends that once his client obtained a divorce decree, in Yucatan or anywhere else, he was freed of all obligation to provide for his wife, unless the decree provided for such payment. The Yucatan decree makes no reference to alimony.

All America has been awaiting a decision upon the validity of the decrees granted in the Mexican state, and the proceedings promise to attract widespread attention.

Mrs. Wheeland is an old time Sonoma girl and belle of the Mission City. She was first married to S. A. Ringstrom, by whom she had two daughters both of whom are on the stage as dancers and movie stars.

STATE CONFERENCE OF SOCIAL WORK

May 25th to May 28th are the dates settled upon for the State Conference of Social Work this year and the meeting place is Sacramento.

Simon J. Lubin is the sectional chairman for Sacramento and has charge of the arrangements.

Mrs. Florence Kelley, secretary of the National Consumers' League, who has given more than a quarter of a century of untiring work to the betterment of social conditions in the country, will be one of the outstanding speakers. Mrs. Kelley will speak on Wednesday morning, May 27th, and again on Thursday evening, May 28th. She is making the trip from New York for the purpose of speaking in Sacramento and it is expected that a vast crowd will gather to hear her address.

Another speaker of national fame will be Paul Kellogg, editor of the Survey Magazine of New York. Mr. Kellogg will speak on Wednesday afternoon.

The first day of the conference, Monday, will be marked by an address by Allen T. Burns, director of the National Information Bureau who has had many years of experience in social work and is known as one of the real students of the question of Americanization. Many others will contribute to the various programs.

Wednesday, May 27th, is to be known as Sacramento Day and open house at the Crocker Art Gallery and at Sutter's Fort will be a feature of the day. An outside picnic supper in Capital Park is being planned and some representation in graphic form of the social history of the city will be shown in connection with this.

Friday, the day after the official closing of the conference, will be devoted to excursions to the various points of interest around Sacramento.

RICHMOND-SAN RAFAEL FERRY CO. SUCCESS

Celebrating the tenth anniversary of the establishment of the ferry service between the east bay communities and Marin county, the Richmond San Rafael Ferry and Transportation Company has announced the summer schedule for the present summer season, as well as the new facilities and equipment added to handle the traffic. The company will operate three steamers between Richmond and San Rafael.

In commenting on the 10 years during which time the ferry service has played such an important part in aiding travel, H. T. Gill, secretary of the company, said:

"Charles VanDamme, president of the company, believed this service was needed as a part of California's wonderful road and waterway system, and started the service May 1, 1915. From one leased steamer we have grown to three steamers of our own. We believe that we have an excellently arranged schedule to answer the increased demand for service.

"One of the important improvements is the rebuilding of the short stretch of road on the Marin side by the state. Work will be begun immediately, but the road will not be closed at any time."

ESTATE OF LATE ORVILLE L. HOSE

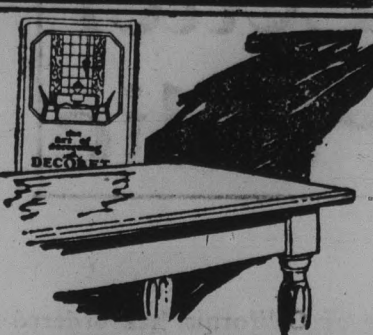

An estate valued at more than \$5,000 was left by the late Orville Hose, for many years publisher of the Expositor-Forum, who died recently of heart trouble. The approximate value of the estate, with no description of the property, was disclosed in a petition for letters of administration filed in the superior court last Saturday by John F. Hose of San Francisco. In the absence of a will, several brothers and sisters are named as heirs-at-law.

TAMALPAIS MOUNTAIN PLAY SUNDAY, MAY 24th

One week from tomorrow, weather permitting, Garnet Holme's play "Drake," commemorating the visit of Sir Francis Drake to San Francisco Bay 350 years ago, will be produced at Mt. Tamalpais. The mountain play is an annual event in Marin county, although last year no production was staged. This year the gifted Holme has specially written the historic tale of Sir Francis Drake into a wonderful out of doors production. Many Sonoma Valley friends and admirers of the author will journey to Tamalpais for the play.

The California Alpine Club is sponsoring the production and from its personnel the talented actors of the cast has been chosen.

Announcements of the production contain the following foreword by the author of "Drake":

"Nearly 350 years ago a lonely little ship found shelter on this coast, she was the Golden Hind, commanded by Mr. Francis Drake of Devon. In her hold was a vast store of gold and silver, which her captain had collected from the Spanish settlements in South America, as compensation for the wrong done to him in the port of San Juan d'Ulloa in 1568, when Captain John Hawkins and he were treacherously attacked and their sailors massacred.

"After seizing this treasure Drake determined to make his way home round the top of North America, believing that the oceans must meet there just as they did in the south.

"He therefore sailed north to latitude 40 (about the middle of Oregon) but was driven back by the intense and unusual cold.

"He came south, and since the ship was much undermanned and leaky, and his men exhausted he put into a little cove now known as Drake's Bay. Here he remained for five weeks repairing his vessel. During his stay he came into close touch with the friendly natives, who offered him the overlordship of their land. He accepted their offer in the name of his sovereign, Queen Elizabeth, erected a post, on which he nailed her picture, in the shape of a six penny piece. He named the country New Albion, since the cliffs resembled those of Old England, and then sailed westward on his 15 month voyage to Plymouth, which he reached safely on September 26, 1580.

"Historians have dealt very differently with the story of Francis Drake. To some he is a cruel pirate, to others the master seaman of the world, but to Californians he is of great interest for he was the first English-speaking explorer to visit our coast, and had he not in later years humbled the proud Armada of Spain and preserved the power of England and Queen Elizabeth, the story of California and of the whole world would have been very different.

"To Francis Drake, who first encircled the globe, this Mountain Play produced close to the harbor where he found shelter and rest, is dedicated.

"GARNET HOLME."

In case of inclement weather the play will take place May 31st.

GET EXCLUSIVE RIGHTS FOR KITCHEN PATENTS

Various inventions have been made from time to time to assist in handling the eggs in hatcheries to minimize the labor in turning eggs, and it appears that what is known as the Kitchen tray is seemingly the most successful device yet conceived of. Kitchen Brothers of Santa Cruz, patentees of the device, have assigned to the Electric Incubator Company of Petaluma, the exclusive right to manufacture and sell these trays during the lifetime of the patent. Most of the hatcheries of Petaluma, especially the larger ones, are equipped with these turning trays which enables the operators to turn a large quantity of eggs in a very few minutes. The incubator company is now turning out over 2000 of these trays in a strictly mechanical style of workmanship not heretofore attained.—The Petaluma Argus.

AMERICAN LEGION ORPHANAGE DRIVE ON

American Legion officials and their friends throughout California will drive hard this week in the campaign to secure the \$400,000 quota for this state in the Legion's \$5,000,000 endowment fund movement.

Headed by Governor Richardson, the California Committee engaged in securing the state's share of the fund which is to be used for veterans' rehabilitation and for child welfare, will canvass each community in California during the next few days for funds.

Two states, Arkansas and Tennessee, oversubscribed their quotas last week and according to Colonel David P. Barrows, Northern California director of the drive, and Buron Pitts, Southern California chief, California promises to do likewise. For the European Relief in 1920, Colonel Barrows points out, California contributed approximately three times its quota.

Local drives are to be made by those in charge of the endowment fund campaign in each community in which there is an American Legion Post.

MRS. AYRES SELLS

BUSINESS AT BOYES

Mrs. Isabelle Ayres, who built a store and box ball alley at Boyes Springs after the fire and has been conducting the same, has sold out to August Windler, a San Francisco capitalist who will engage in business at the Springs. Mr. Mindler will greatly improve the box ball alley and has employed a lady to conduct the Smart Shop. He has also leased the new service station from Thomson & Baines.

Mrs. Ayres has not sold the property, disposing only of the business. She expects to take a needed rest, after which she may go to Australia on a theatrical tour. As Mrs. Dudley Ayres, or Isabelle Fletcher, the talented actress was widely known to patrons of the drama before coming to Sonoma Valley to reside. She headed a stock company in Oakland, Portland and Seattle for several seasons before coming here.

Next Wednesday is the date of the Y. L. L. card party, always an enjoyable treat.

EL VERANO HEARS JOHN PLOVER SPEAK

Education week at El Verano school was observed when members of the El Verano Parent Teachers' Association arranged a very good program. A Horace Mann paper was read by Paul Waldon and a splendid address given by John Plover of Santa Rosa. The program in detail was as follows:

Song, "Anchored," by 10 children.

Reading on Horace Mann, by Paul Waldon.

Recitation, "The River," by Bernice Norrbom.

"Recitation, "The Man Worth While," by Marcella Taulis and Gertrude Clark.

Song, "A Trip to the Moon," by the Eighth Grade.

Ice cream was served by the Parent Teachers' Association to their many friends and members present.

OFFICE GOING UP ON HIGHLANDS TRACT

W. W. Carter and George Samuel, agents for Sonoma Highlands, one of the beautiful residence tracts of Boyes Springs, are erecting an attractive little office building on the property. Already several lots have been sold by the enterprising agents, who for quick selling and to help build up Boyes Springs, have made the low prices of \$200 up for building sites. A number of nice homes are already in the course of construction and will augment those already built in this beautiful sub-division.

WOMAN'S CLUB NOTES

A large number of members were present when Mrs. George Leiser, the president called the meeting to order May 1st.

Two new members, Mrs. A. J. Smith and Mrs. Neal Dodge were reported favorably by the Membership Committee and another name brought in.

The delegates gave their reports on the district meeting held in Petaluma, Mrs. George Leiser reporting for Thursday and Mrs. Carrie Burlingame for Saturday. These reports were good and show just what the club women are doing throughout the state. Mrs. Leiser also reported on the meeting of the Executive Board held in Santa Rosa, preparatory for the Sonoma County Federation meeting to be held here Wednesday, May 27th, at the club house. Mrs. Leiser and the vice president, Mrs. James Tate, were elected delegates, with Mrs. Woodworth as alternate. All members of the club are urged to be present on that date, so make your plans accordingly. The meeting will be called to order at 10 a. m. A basket lunch will be held at noon and a fine speaker will be here.

The following committees were appointed: Decoration, Mrs. T. Denny and Mrs. W. Clewe; lunch, Mesdames R. Hotz, J. Keiser, A. Adler, E. Clements, J. Picetti and A. Koebom.

For "Better Homes Week" to be held in June, Mesdames C. Burlingame, J. Tate and A. Koebom were appointed on the committee.

Dr. and Mrs. A. M. Thomson will go to Yosemite Valley next week to attend the Medical Association convention to be held there.

Mr. and Mrs. A. W. Agnew of Petaluma were in Sonoma Wednesday evening, calling on friends here. Mr. Agnew is Petaluma's leading shoe merchant and has been in business there over 20 years.

A little son has been born to Mr. and Mrs. W. D. Suggett. Mother and babe are doing nicely at Burnside.

The Old City Bakery has a splendid new health bread, Wheat-A-Laxa which every householder should try.
